Atty. Dkt. No. 025948-0104

This notice is not provided within 45 days of the filing of the foreign applications, but any such failure to timely notify the Patent Office of the filing of these foreign applications was unintentional. See 35 U.S.C. § 122(b)(2)(B)(iii). Specifically, Applicant's representative does not have a record of a non-publication request in Applicant's representative's file and was unaware that such a request existed until Applicant's representatives recently called the Patent Office to investigate the requirements for voluntary publication. Further, the present application was filed June 30, 2000 which is before the November 29, 2000 date on which 35 U.S.C. § 122 was implemented, so Applicant's representatives are under the impression that these present application would not have been published, without a specific request by the Applicant under 37 C.F.R. § 1.221, even if a non-publication request had not been made.

Respectfully submitted,
